

Chaparral Estates Garbage Bin Policy

To maintain cleanliness and ensure fair use of the garbage and recycling bins, all residents are required to follow the guidelines outlined below:

1. No Loose Garbage:

- All garbage must be placed in securely tied bags before disposal.

2. Break Down Cardboard Boxes:

- Please cut down cardboard boxes to allow more space in the recycling bins for others.

3. No Furniture Disposal:

- Disposal of furniture in bins is strictly prohibited. Residents are responsible for taking furniture to the appropriate disposal site, such as the local dump.

4. No Renovation Debris:

- Renovation materials, such as drywall, tiles, or lumber, must not be disposed of in the bins. Please take such items to the local dump.

5. No Hazardous Materials:

- Items such as propane tanks, paint cans, and other hazardous materials are not permitted in the bins. These items should be taken to the designated drop-off location assigned by the City of Calgary.

6. Report Unauthorized Usage:

- If you witness an unfamiliar vehicle using the bins, please record the license plate number and report the incident to the Property Manager.

We appreciate your cooperation in keeping our community clean and orderly.
